# HyFlex™

## 11-561

**Ultra-light cut protection for 2x longer wear**

Cut | Light Duty

# Ultra-light ANSI/ISEA 105-2024 A3/ EN ISO C cut protection with FORTIX™ for 2x wear*

- **Increased durability for extended use:** Improved FORTIX™ Technology delivers 2x more abrasion resistance for longer-lasting performance in abrasive conditions*
- **Enhanced comfort:** HyFlex™ 11-561 features an ultra-lightweight design, 20% lighter while meeting ANSI/ISEA 105-2024 CUT A3 and EN ISO cut level C standards**
- **Heightened defenses:** 2x greater cut resistance*** using next-gen single HPPE yarn with INTERCEPT™ Cut Resistance Technology for high-performance protection
- **Excellent grip:** Palm-dipped coating improves grip, while reinforced thumb crotch defends against rapid wear
- **Touchscreen compatible:** Enables use of touchscreen devices without removing gloves

* Comparison is based on Ansell lab tests under standardized conditions in December 2025 versus similar competitive gloves. Results may vary by application.
** Versus standard ANSI/ISEA 105-2024 CUT A3 and EN ISO C rated gloves
*** Versus similar gloves made of standard HPPE yarn

### Industries

- Automotive
- Manufacturing

### Applications

- Assembly of sharp parts
- Handling sharp metal parts
- Light duty stamping
- Maintenance
- Compatible with consumer and industrial touchscreens
- Assembly & inspection of components
- Applying finish to materials, products

# HyFlex™

## 11-561

### Ultra-light cut protection for 2x longer wear

## Key Features

- **Longer wear life:** Improved FORTIX™ Technology for 2x longer use*
- **Ultra-light design:** 20% lighter for greater dexterity**
- **Comfort & convenience:** Touchscreen compatible, all-day comfort

* Comparison is based on Ansell lab tests under standardized conditions in December 2025 versus similar competitive gloves. Results may vary by application.

** Versus standard ANSI/ISEA 105-2024 CUT A3 and EN ISO C rated gloves.
