KEY COMPONENTS

ProNose Toe Reinforcement

Textile Mesh

Pull Loop

PU Outsole Tread

KEY DATA

ARTICLE / MODEL	6498 | Green Line NATURE
TYPE	Safety footwear – Boots / Ankle boots, metal-free
STANDARDS	EN ISO 20345:2011 S3, SRC | ASTM F2413-18 M/I/C/SD 35/PR | TP TC 019:2011 | Cat. II
EU-TYPE EXAMINATION	0598/PPE/23/2318 – SGS Fimko Oy (NB 0598), valid to 2028-06-20
TOE CAP / NAIL PROTECTION	Composite toe cap | Plasma-treated composite (PTC) textile
UPPER / LINING	Microfiber, textile | Polyamide lining | ProNose toe reinforcement in PU
INSOLE	JALAS 8303 FX3 Supreme – textile, soft EVA, conductive polyester thread, PORON® XRD® zones
OUTSOLE / FASTENING	PU outsole, oil-resistant | Laces, 130 cm
FITTING / SIZES	Narrow / Regular | EU 36 – 47 (UK 3 – 12, US M 4 – 13)
NET WEIGHT	1.14 kg (size 42)
COLOUR	Black
SUSTAINABILITY	EU Ecolabel FI/017/001 | 11 kg CO_2e per pair | 100% recycled cardboard packaging

TECHNICAL SPECIFICATIONS

FUNCTIONS

- Water repellent
- Double shock absorption zones
- ESD – IEC 61340-5-1
- EU flower criteria
- ProNose toe reinforcement
- Ventilating insole
- Bellows tongue
- Oil-resistant outsole
- Metal free
- Anti-static
- Stabilizer
- Pull loops
- No animal-derived materials

PROTECTION & USE

PREVENTS RISK OF	Toe injuries, nail penetration, static
ENVIRONMENTS	Outdoors, all-year use, outsole penetration risk, metal-free requirements
AREAS OF USE	Airport work
CHARACTERISTICS	High protection, excellent grip, perfect fit, extra comfort, shock absorption
