All-round protection
These gloves offer great all-round protection, keeping your hands safe in many different environments.

High cut resistance
These gloves provide high protection against cuts, shielding your hands from sharp edges or objects. They are suitable for tasks that involve a moderate risk of cuts.

High abrasion resistance
These gloves are built to withstand heavy use without wearing out quickly. They meet the highest level of abrasion resistance according to the EN 388 standard.

Latex free
These gloves have extra padding to protect your palms and knuckles from impacts, reducing the risk of injury.
