SPECIFICATION SHEET

STYLE: 633140

Technical Data

Color	Blue/Orange
Sizes Available	36-47
Gender	Unisex Adult
Toe Type	Composite
Material	Leather
Footwear Height	Mid
Construction	Fuel Resistant, Heat Resistance, Slip Resistant
Case Weight (kg)	0.00
Packaging	Boxed
Country of Origin	China

Care Instructions

Hand Wash

PUMA® Safety Crosstwist

Crosstwist MID S3 HRO SRC Composite Toe Heat Resistant, Slip Resistant, Safety Shoes

- RUBBER OUTSOLE - This hard-wearing 572°F heat- and oil-resistant rubber outsole has a distinctive tread design with channels to clear fluids - for optimum slip resistance. Due to the reinforcement of the rotation point, friction and thus signs of fatigue can be significantly reduced.
- EVA MIDSOLE - Thousands of tiny bubbles in this ultra lightweight midsole ensure an optimal cushioning and improve the flexing action of the foot.
- idCELL - The idCELL element in the heel area consists of EVA, a very soft, shock absorbing material. It perfectly absorbs impacts and shocks when the heel strikes the ground.
- ROTATION POINT - The special feature of the sole is the integrated rotation point. This point in the area of the inner metatarsus is the most severely strained part while walking. By reinforcing the rotation point, friction and thus fatigue is greatly reduced.
- FAP® - FLEXIBLE ANTI-PERFORATION - The flexible anti-perforation midsole made from para-aramid synthetic fibres offers ultimate protection of the foot from sharp penetrating objects.
- EVERCUSHION® CUSTOM FIT MID - The breathable, moisture-regulating, anatomically shaped insole cushions optimally with every step. The specially coordinated arch support enables the foot to be positioned naturally in the shoe and stimulates the muscles when walking.
