PIP GLOBAL SAFETY

SPECIFICATION SHEET

STYLE: 633130

Technical Data

Color	Black
Sizes Available	36-48
Toe Type	Composite
Material	Leather
Footwear Height	Mid
Construction	Fuel Resistant, Heat Resistance, Slip Resistant
Case Weight (kg)	0.00
Packaging	Boxed

PUMA® Safety Crosstwist

CROSSTWIST BLACK MID SB E PS WPA FO HRO SR Composite Toe, Heat Resistant, Slip Resistant, Safety Shoes

- RUBBER OUTSOLE The uniquely designed outsole cleat profile offers ultimate slip resistance (SR) and optimal safe ground contact and is up to 300°C heat resistant (HRO).
- CUSHIONING MIDSOLE Thousands of tiny bubbles in this ultra lightweight midsole ensure an optimal cushioning and improve the flexing action of the foot.
- idCELL The idCELL element in the heel area consists of a very soft, shock absorbing material. It maximises impact and shock absorption when the heel strikes the ground.
- ROTATION POINT The special feature of the sole is the integrated rotation point in the area of the inner metatarsus. This point is the most severely strained part while walking. By reinforcing it, friction and thus fatigue is greatly reduced.
