PRODUCT DATA SHEET

640521

Condor Black Low – S3L ESD FO SR

MADE IN TURKEY

PRODUCT SPECIFICATIONS

PROTECTION
Steel toe cap and flexible FAP® midsole

FOOTBED
Evercushion® RELIEF

PLUS
ESD, metal-free upper, no exposed metal parts

COLOR
Black

UPPER
Oiled nubuck

SIZE
40–46

LINING
Breath Active functional lining

SOLE
REBOUND – compact PU outsole with midsole of continuously high-performance EFFECT.FOAM® for excellent cushioning and energy return

KEY DATA

CODE	640521
MODEL	Condor Black Low
MARKING	S3L ESD FO SR
STANDARD	EN ISO 20345:2022+A1:2024 | DGUV 112-191
ORIGIN	Turkey
COLOR | SIZE	Black | 40–46

TECHNOLOGIES & MATERIALS

COMPACT PU OUTSOLE

Due to its high material density, the slip-resistant outsole (SRC) wears out less and thus prolongs the life of the shoes. The striking profile, divided into different segments, offers maximum support and grip on uneven as well as wet and slippery surfaces. The wide cleats at the outer edge ensure a high level of stability.

EFFECT.FOAM® – TIRELESSLY COMFORTABLE!

- 60% energy return
- 47% less impact on bones and joints*
- Extremely powerful and light
- Permanently high level of comfort for fatigue-free work
- Dynamic energy absorption reduces the impacts to 1.6 kN; the average for safety shoes is 3.0 kN.

EVERCUSHION® RELIEF

This ergonomically shaped, high-performance footbed is a combination of different soft polyurethane layers. It reliably protects the heel from shock, withstands even the most strenuous daily demands and guarantees long-lasting comfort and performance.

UPPER

Oiled nubuck leather has the same velvety character as nubuck leather, but it is smoother and offers more protection against moisture penetration. Furthermore, it also prevents premature ageing through low maintenance.
