- Required on Most Saudi Aramco and Major Contractor Sites

OVERVIEW

The Shelter SH594 is a full S3-rated heavy-duty safety shoe — the highest protection class — built for Saudi oil & gas, heavy construction and industrial environments where both impact and puncture hazards are present. The full-grain leather upper delivers premium durability and a professional black finish suitable for site supervisors and technical staff.

Certified to EN ISO 20345 S3 — incorporating steel toe, steel anti-puncture midsole and water-resistant upper, meeting the most demanding PPE footwear requirements on KSA worksites.

IDEAL FOR

Oil & gas, heavy construction, steel fabrication and any site mandating full S3 PPE footwear across Saudi Arabia.
