CODE	Art. No. 64.873.0 (style 648730)
DESCRIPTION	DRIFTER GREEN LOW — S1P SRC safety shoe, composite toe, metal free
BRAND	ALBATROS® (PIP Global Safety)
STANDARD	EN ISO 20345:2011 S1P SRC · EU Regulation 2016/425 · EU-type examination certificate LECFI00381915 (notified body 0362)
STANDARD (2022)	EN ISO 20345:2022+A1:2024 S1PL ESD FO SR · EU-type examination certificate 0598/PPE/25/4886 (notified body 0598)*
ORIGIN	China
SIZE / GENDER	EU 36–47 · Unisex adult
COLOUR	Grey-Green (809)
MATERIAL	Textile · Footwear height: low · Vegan

** Both EU declarations of conformity are published by the manufacturer for article 648730; the supplied sheet states the 2011 classification.*

TECHNICAL SPECIFICATIONS

CONSTRUCTION	
PROTECTION	Fiberglass toe cap (composite) and non-metallic, flexible FAP® midsole
UPPER	Seamlessly attached microfiber with durable ripstop fabric
LINING	Breathable functional lining
FOOTBED	Anatomically formed, breathable EVA footbed
MIDSOLE	Soft PU cushioning midsole
SOLE	Flexible, profiled, slip- and abrasion-resistant DUO-PU outsole
PROPERTIES	Fuel resistant, slip resistant

EXTRAS & PACKING

- Metal free
- Breathable functional lining
- Heel and toe cap protection
- Comfortably padded collar and dust tongue
- Closed dust tongue
- Anatomically formed and breathable EVA footbed
- Vegan
- Unisex
- **Packaging:** boxed
- **Care:** hand wash

TECHNOLOGY HIGHLIGHTS

SLIP-RESISTANT OUTSOLE

The abrasion-resistant, cushioning DUO-PU sole is characterised by its flexibility and slip resistance. Wide flex grooves and differently designed profile elements give excellent grip on different floors, especially industrial floors.

FIBERGLASS TOE CAP

Fiberglass-reinforced composite toe cap with more space for the toes; lighter than a common steel cap, antimagnetic and thermally insulating.

EVA FOOTBED

Anatomically shaped soft-EVA footbed with a shock-absorbing effect that helps protect joints, muscles and bones. Ergonomic longitudinal arch support; dimpled forefoot area massages the front of the foot with every step; perforation in the ball area increases breathability.

CUSHIONING MIDSOLE

Soft PU midsole that optimally cushions the high impacts of walking and combines perfect stability with flexibility.

FAP® — FLEXIBLE ANTI PERFORATION

Flexible anti-perforation midsole made of ceramic-coated fibres; reliably protects the feet completely from penetrating objects.
