EDGE™

48-500

A cost effective solution for heavy handling

Oil | HD Heavy Duty

Heavy-duty safety gloves, delivering good protection against oils, liquids and abrasion

- **Guaranteed durability:** Fully coated in nitrile, EDGE™ 48-500 cut and sewn heavy-duty gloves offer a good level of resistance to abrasive materials and hazards for handling heavy-duty tasks
- **Reinforced protection:** Stronger and more flexible than PVC, these nitrile gloves provide a good barrier to oils, greases and liquids, and do not degrade like leather or latex
- **Cost-effective:** EDGE™ 48-500 protective gloves are an economical choice for heavy-duty tasks, protecting workers from workplace risks and enabling them to perform their tasks more effectively
- **Food handling compliance:** As these hand protection gloves are composed of FDA-approved materials, they are safe for food contact and packaging

Industries

- Automotive

Applications

- Steel bars, sheet metals, cans and other metal products
- Street cleaning and refuse collection
- Rough casting and cores
- Heavy-duty cables
- Cold plastic moldings

EDGE™
