|---|---|
| **REFERENCE** | 550100 |
| **LINER** | 13 Gauge HPPE / Polyamide / Polyester / Glass Fibre / Elastane / Latex |
| **COATING** | PU (Polyurethane) |
| **COLOUR** | Grey |
| **SIZE RANGE** | EU 7–12 |
| **PERFORMANCE LEVEL** | ANSI/ISEA 105:2016: A3 5 6 |
| **PROTECTION TYPE** | Multi-Purpose Protection, Protection from Cutting |
| **FEATURES** | SIF – Silicone Free |
| **COUNTRY OF ORIGIN** | China |

## DESCRIPTION

The seamless SHIELD cut-resistant gloves from Safety Jogger guarantee high dexterity, safety, grip and reliability. They were designed to provide maximal strength in heavy working conditions. Next to a high cut resistance, these gloves provide excellent comfort and dexterity. The ideal solution for work activities with a risk of cuts.

## KEY FEATURES

- **All-Round Protection:** These gloves offer great all-round protection, keeping your hands safe in many different environments.
- **High Cut Resistance:** High protection against cuts, shielding your hands from sharp edges or objects. Suitable for tasks that involve a moderate risk of cuts.
- **High Abrasion Resistance:** Built to withstand heavy use without wearing out quickly. Meets the highest level of abrasion resistance according to the EN 388 standard.
- Latex Free*
