FEATURES

STEEL TOE PROTECTION

Reinforced steel toe cap meets impact-resistance standards to protect against falling objects and compression.

KEVLAR ANTI-PUNCTURE MIDSOLE

Kevlar midsole provides superior resistance to sharp objects and penetration hazards.

BREATHABLE MESH LINING

Moisture-wicking mesh lining enhances air circulation to keep feet cool, dry and comfortable during long work hours.

ANTI-SLIP RUBBER OUTSOLE

Durable rubber outsole with multi-directional tread pattern delivers excellent grip on wet, oily and uneven surfaces.

MICROFIBER LEATHER UPPER

High-quality microfiber leather offers excellent durability, wear resistance and easy maintenance.

EVA CUSHIONED MIDSOLE

Lightweight EVA midsole provides superior cushioning and shock absorption for all-day comfort and reduced fatigue.

CERTIFIED SAFETY	BUILT FOR INDUSTRY	DESIGNED FOR PROFESSIONALS
CE 20346:2004	Durable. Reliable. Comfortable.	Safety you can trust.
